"Be the change that you want to see in the world."

Experience

School Teacher

ALBERT LEA SCHOOL SYSTEM

Albert Lea, Minnesota

Aug 2022 - May 2023

- Created my own curriculum by using Emacs presentation software to help introduce text based programming to middle school students.
- Worked as a team to support children with ASD by developing patience and empathy.

Software Developer

STRATAGEM GROUP

King of Prussia, Pennsylvania

Jan 2022 - Apr 2022

- Automated development pipeline from story start to finish with makefiles, systemd unit files, and literate org-mode markdown documentation all generated with elisp scripts.

Game Developer

INDEPENDENT

King of Prussia, Pennsylvania

Summer 2016 - Present

- See my current project, <http://castles.life>. Reach out for a free game key.
- Realtime, self hosted infinite 3D world streamed asynchronously to multiple unity client.
- Client shares class library with entity framework server to send and receive minimized byte messages for great development velocity.
- Highly custom features such as local development support, test scenario creator, and a featherlight codebase that deploys in seconds.

Software Engineer Asc.

LOCKHEED MARTIN - SPACE

King of Prussia, Pennsylvania

Sept. 2020 - Dec. 2021

- Battled with the complexity of maintaining a large codebase by sifting through hundreds of thousands of lines of code and logs shown by my exceptional adherence to existing architecture.
- Automated development procedures such as kubernetes and gitlab pipelines with makefiles, bash, and python scripts.
- Worked with my team to accomplish goals shown by my feature level improvements within time limitations.

Web Developer

HVH PRECISION ANALYTICS

Wayne, Pennsylvania

Nov. 2019 - Apr. 2020

- Worked with Amazon AWS resources to query medical patient data and run analytics.
- Helped develop localized testing environment with mimicked network connections and user inputs.
- Made several required full-stack changes to client web access portal using Dotnet, SQL, and Vue.js.

Math Tutor

MATHNASIUM/PRIVATE LESSONS

Menomonie, Wisconsin

Mar. 2016 - Present

- Understand students perspective by being a patient listener to understand how to help them best.
- Encourage general understanding of concepts by asking many questions and creating unique problems or diagrams.
- Displayed skills in calculus and linear algebra by breaking down advanced mathematical concepts to a less technical audience.

Skills

Programming C/C++, C#, Java, Python, HTML, Javascript, Bash, LaTeX, Lisp
Software Linux, Git, Emacs, Unity 3D, Docker, ORM
Projects OpenGL, Databases, AI, SaaS, WebSockets, NLP

Education

California Polytechnic State University

NATIONAL EXCHANGE PROGRAM

San Luis Obispo, California

2018-2019

University of Wisconsin Stout

B.S. IN APPLIED MATH AND COMPUTER SCIENCE

Menomonie, Wisconsin

2016-2019

- 3.82 GPA
